## THE ADVOCATE.

The initial number of the Kentucky Homestead, a new agricultural and stock paper, published at Lexington, will be issued to-morrow.

**Stockholders Meeting and Renting.**  
On Saturday, February 6th, at 9 o'clock, a. m., at Sideview schoolhouse, will be held a meeting of the stockholders of the North Middletown and Mt. Sterling Turnpike Company. The gates will then be rented to the highest bidder with the right to reject any and all bids. S. W. GAITSKILL, 25-2t President.

Mr. W. H. Bush has been employed by the Crescent Tobacco Warehouse, of Louisville, as their agent in this section. The tobacco agents in this county will find in Mr. Bush a formidable competitor, for he is certain to get his share of the trade.

The city council have agreed on the location of thirty incandescent lamps as follows: After moving are light Howard avenue to corner at Episcopal church and the one on Broadway to the N. N. & M. V. depot. Eight lamps will be at points between wards, and twenty-two will be divided in the wards; first ward to get seven, and the other three, five each. With this completed Mt. Sterling will be one of the best lighted towns in the State.

The Ninth Street Tobacco Warehouse has employed Mr. J. Newton Greene as agent in this territory. Mr. Greene is a young gentleman of untiring energy, and he will see that a share of the tobacco from this county goes to his house. More, he will look after the interests of his friends when they have entrusted their tobacco to his hands, and see that they have a fair show in the market.

Clayton Howell traded on Monday of last week with N. P. Gay for a horse by George Steek, dam, the dam of Luby, 2:20. He gave \$100 in money, five Montana mares, two steer calves, two heifers, one stag, 200 posts, and charcoal enough for Gay's filter and enough for his hogs if they have the cholera, and any other things he could find on Howell's farm in Clark except tobacco. Even George = McCormick and Tom Whitt couldn't beat this swapping.

On court day night, nine window lights and one sash were broken out of the Zion Methodist church, located on the Owingsville pike, since which time officers have been vigilant in endeavor to bring the guilty parties to punishment, and on last Wednesday John and Wiley Owens and Minnie Frost were brought before his honor Judge Groves, of the city court, but on account of the absence of Amanda Payne, prosecuting witness, the prosecution failed to make out a case and defendants were discharged. While on this subject we would remind other offenders, those parties who are continually breaking electric light globes, that they are being closely watched and before they know it, will be in trouble.

On another page will be seen an advertisement of T. F. Rogers, one of our leading clothing dealers, who will soon retire from this business. This sale, we are advised, is not for the purpose of reducing stock or to get ready cash, but for the sole purpose of closing this business. A short time ago, it will be remembered, he reduced stock and sold every article which had been on his tables for any length of time, and since then has stocked up with entirely new goods, so we can say for him, he is now offering desirable new goods at cost prices. He makes his advertisement so everybody can understand it and if they desire can cut from paper, stock number, cost and selling price, bring it with them to the store and make no mistake as to suit and its cost price. His method gives his customer an unmistakable means of identity. Truly we are sorry Mr. Rogers will retire, but then some other good man will succeed him. The fact is, this would be a good opportunity for some live young man to go into a paying business, but this is a little digressive. Mr. Rogers' stock must go at the prices advertised.

We call attention of "farmers for rent or sale" to be found in another column. I will have your laundry done in the best manner. CUSTIS RICHARDSON.

The streets are in just that kind of a condition for the Street Commissioner to exercise his street cleaning brigade; and Pat Shannon is just the man to give to the boys a chance to do some work.

**For Sale.**  
Fifteen shares of New Farmers' Bank stock, for sale. Apply at this office. 26-2t

S. W. Gaitskill, President of the North Middletown and Mt. Sterling Turnpike Company, gives notice that there will be a directors meeting at the Sideview school house, on Saturday morning, Feb. 6th., at 9 o'clock, at which time the gates on the road of said company will be rented.

On Friday, Dick Johnson, colored, commonly known as Wild Dick, was hunting with a friend, when they jumped a rabbit and the friend, as he brought down his gun, accidentally discharged it, the contents taking effect in the face and neck, producing death in a few hours. Dick was one of the most reliable negroes about North Middletown.

Mr. Vernon Clark was elected City Treasurer of Frankfort Tuesday evening by the council to fill the vacancy occasioned by the flight of Hugh Gaines. Mr. Clark has lived in Frankfort for five years, and until a month ago was General Passenger Agent of the Kentucky Midland railroad. He is at present Secretary of the Frankfort Building and Loan Association. In social, as well as business circles, he is a prime favorite. Mr. Clark's home was formerly in Clark county.

Mr. Wm. Bridgeforth is trying to "poke fun at us." He says "an advertisement for a lost animal, in the ADVOCATE will find it dead or alive, and for him it is dead." He advertised a lost horse in the last issue of the ADVOCATE, and a neighbor seeing the advertisement told him such an animal was dead on his farm. This, unfortunately proved too true for him. Where the shoe pinches our friend, is that he loses the price of the advertisement, and, though the horse is found, he loses that as well. However, he says, "if you have lost anything advertise in the ADVOCATE and you will find it."

The Climax gets off the following on our good friend Rodney Haggard: "Senator Rodney Haggard, of the Winchester bar, was in the Common Pleas Court here, one day last week. He is the author of the State Board of Equalization. He is also the man who caused a stampede in the Governor's office. The Senator went to the Capitol to call on the Governor. He said to the private Secretary, 'please tell the Governor that Rodney Haggard is here to see him.' The Secretary, evidently laboring under a mistake, seemed surprised, but greatly delighted, and lost no time in reporting to the Governor. Several callers were hastily excused, and the Senator was ushered in. The Governor looked only slightly disappointed, and probably felt relieved. He said, 'Why, good morning, Rodney, my secretary announced that Ryder Haggard wished to see me, and I was puzzled to recall what he had written and what I could say to appear familiar with his books.'"

**Blue Grass Circuit.**  
A special from Lexington says the Blue Grass Circuit of Fairs held its annual meeting in that city Monday afternoon. J. W. Fitzgerald, of Maysville, was elected President, and Thos. L. Martin, of Lexington, was re-elected Secretary. Sterling, September 29 to Oct. 1.

Rev. Paul Bomar, of Versailles, exchanged pulpits with his brother Rev. E. E. Bomar, of the Baptist church, Sunday, and delivered two excellent discourses. He is a polished and interesting speaker and made a fine impression.

Elder H. D. Clark went to Covington Saturday, and supplied the pulpit of Elder W. S. Keene, who continues to preach to large and interested congregations, at the Christian church here. Up to this time there has been twenty-two additions, fifteen by confession and seven by letter. Meeting closed last night.

The union meeting of the Christian Endeavor societies and the Epworth League held in the First Presbyterian church Sunday night was a most enjoyable one. The attendance, almost wholly of young people was unusually large for a religious service. The services were participated in by members of the four societies represented, scripture lessons, prayers, talks and songs followed in rapid succession. The meeting was a pronounced success in every way. Don't fail to attend the next one.

**Y. M. C. A.**  
At last something definite can be said of this organization in our city. A General Secretary has been secured and is on the ground. Mr. W. F. Daum, of Evansville, Ind., has charge of the work. He is a man of thorough training and has had four years of association work.

The association has secured for its quarters the second and third floors of Mr. Baum's stone front building on Main street. The contract is let for the interior arrangements and equipments will follow as speedily as possible.

We call attention to the statement of the great New York Life Insurance Company, which will be found in our columns of this issue. A surplus of \$14,708,675.83 looks as if a company should be on something of a sound basis. This is a grand company; no better exists on the face of the earth; it has never failed, in all its long history, to meet an obligation, nor will it ever shirk the compliance with a contract in all the years to come.

**Suit in U. S. Court.**

Suits have been filed in the U. S. Court by A. St. John Newberry, Trustee of Arctic Ice Machine Manufacturing Company, of Cleveland, Ohio, against Arctic Ice Manufacturing Company of this city. J. M. Pickrell, of the Richmond Ice Manufacturing Company, and James P. Cassidy, of the Winchester Ice Manufacturing Company, to enforce settlements. A temporary receiver was asked for and Mr. R. W. Dogan, of Covington, was appointed and is now in charge of said plants. The question as to the appointment of permanent receiver will be tried in Louisville next Saturday, Feb. 6th, before Judge Barr, of the U. S. Court. The company here met their obligations with the Arctic Machine Manufacturing Company until its assignment and because the trustee was powerless to comply with existing contract, no other payments were made, they preferring a settlement of matters by the courts.

In justice to the firm at this place, we would say they are striving, enterprising business men and have met their obligations promptly.

To-day is ground hog day.

Heavy pressure he says is being brought to bear upon Mr. Owings to accept this lucrative office.
